Subject: DSC ALARM CONTROL PANEL ENCLOSURE SILK SCREENING

This is to inform you that DSC is no longer silk screening control panel enclosures with the product name and identification information. Instead, this information is now printed on a Mylar label that is included with the product. This label can be affixed to the outside of the control panel enclosure door at the time of installation.

Please contact the DSC Customer Help Center at 888-888-7838 or info@dsc.com or contact DSC Technical Support at 800-387-3630 or dsctech@dscltd.com if you have any questions.
